CLASS HISTORY

The Senior Class is always the busiest class at Flat Rock High. Some of its members have a yearly job with the editing of "The Rocket", the school paper. The Parade Staff is always made up of Seniors, also.

In Dec., 6-11, Work Week was observed by all classes in the school for the purpose of raising money to help defray expenses. The Seniors contributed \$45.25.

On December 16, we journeyed to Bob Jones University at Greenville, S. C., to see the dramatic club of that school present the Shakespearean drama "As You Like It."

A box of clothing and toys were sent to a German girl named Christa Jahn who lives in Bremerhaven, Germany. It was hoped that

she would receive the box before Christmas. Three other boxes of fruit, groceries, and canned goods were distributed in the community at Christmas time.

The annual Junior-Senior banquet was held in the high school gymnasium on May 5th. The menu, decorations and program cleverly carried out the theme—"A May flower garden."

Senior Day was a weekend this year spent at Myrtle Beach, May 13th.

The Senior play, "Dangerous Decision," was presented in the school auditorium, under the direction of Mrs. Susie Sinclair, on May 19th and 20. The cast is shown on page 41.

C L A S S P R O P H E C Y

Gazing into my crystal ball, I see the class of '49 doing some very strange things about 1959.

The first person I see is Beulah Smith. She is happily managing "Woolworth and Smith Co., Inc."

"Roaring in" now is Roscoe Laughter. He is driving for some trucking line. The sign on his truck says "Especially for cargo of large quantity".

Now I see Christiner Fisher. She is having quite a time with her three little Fishers.

But she has plenty of help from Helen Willis, who is the County Health Nurse. The scene is changing now. I see a highly illuminated building with a name in big letters above it. It says, "Jock Blois, Photographer". He is also making history with his new book **HOW TO KEEP MONEY, AND LIKE IT.**

Coming into view now is Marie Retzback, who is on her way to Pennsylvania. She left Hendersonville because she didn't want to lose her "yankee brogue".

This place looks familiar. It is a class room and Sylva Smith is the teacher. I wonder if the students are learning anything.

It seems as if Sylva and Theresa Jones are going to stick together. Theresa is the Principal of the school where Sylva is teaching.

Jeanne Bell is still making progress with the members of the opposite sex. She has a hobby now, collecting engagement rings.

Beatrice and Virginia Vida are still crazy about "beagle puppies", it seems. They have a successful business of raising and selling them.

Now I see Betty Jean Newman and Alice Gilbert, or I should say Mrs. Specht and Mrs. Smith. They are living next door to each other and their only trouble is keeping their children from fighting.

Now I see Carolyn Cronic. She is secretary to Hubert Halford, who is president of The Ecusta Paper Corporation.

Margaret Thompson is still playing basketball. She is the star player for the All-Americans. I also see some peppy cheer leaders on the sidelines. And no wonder! Beatrice Saunders is among them.

J. C. Burrell is a great scientist. The only thing that he can't figure out is what makes his hair so curly.

This seems to be a circus. And is that Charlotte Perry? She has gained three hundred pounds and has a job in the circus as the fat lady. She always did want to gain weight.

Emerging now is Bettie Pace. She is teaching dramatics at Bob Jones University.

Pat Wilkie is working very hard in her dress making shop. Her main problem now is how to keep her best model, Oveta Moss. Oveta has just been offered a job with Power's Model Agency.

Donald Stepp is owner and manager of a bakery, and is simply rolling in "dough". His sister, Pauline, is the chief baker.

Mary Alice Freeman and Faye Helton have settled down to married life, too. Faye and Mary Alice say they can't let Betty Jean and Alice get ahead of them.

Anita Hamilton "fades in" now looking very tired and unhappy. She has a position as bookkeeper for Sears, Roebuck and Co.

Pat McCall doesn't seem to be doing anything in particular. I see her in Florida now, and she seems to be having a wonderful time.

Dorothy Fortner is quietly going through life, it seems, and she is very happy about it.

Ruby Laughter is now supervisor at the Bell Telephone Company. She likes her work and hopes to retire in a few years.

Thomas Hill is trying hard to keep up with the rest of the world. He owns and manages about a thousand acres of dairy farms, and is making profits fast!

Charles Freeman is getting his share of sight-seeing. He is a traveling salesman. Betty Drake is a senator now, but she plans to beat President C. M. Jones in the coming election.

I can easily relate many other things that are happening and will happen to the class of '49, but lack of space prevents my doing so. So I will put away my trusty old crystal ball forever.

Ruby Laughter, '49

LAST WILL AND TESTAMENT

ARTICLE I

We, the Senior Class of '49, being of unsound mind and large body, and having been warned to settle our present earthly estates and prepare for the unknown future, which we are now facing, do set forth our last will and testament.

To all the coming generations we leave our love and loyalty for our school. To the faculty we leave our thanks and admiration for enduring us for the past years, and our sympathy for what they must endure in the coming years. To the Junior Class we leave our many rights and privileges we have enjoyed this year as Seniors, as well as the few responsibilities we have shared.

ARTICLE II

Jeanne Adams leaves her flirtatious smile to Mary Ann Hefner.
Beatrice Vida wills her love for geometric figures to Rhonda Lockaby.
Virginia Vida leaves her love for school to Sylvia Corne.

J. C. Burrell wills his good-naturedness to Carl Mintz.
Pauline Stepp leaves her brilliant ideas behind that innocent look to Virginia Burns.
Helen Willis leaves her ability to tell jokes to Polly Howse.
Alice Gilbert passes on her pleasing disposition to Eleanor Saltz.

Thomas Hill wills to Donald Hudson his scholastic records.
Carolyn Cronin passes on her ability to get along with Mr. Justus to Barbara Jackson.
Patricia "Trick" McCall leaves her ability to ask questions in class to Doris Hunnicutt.
Beulah Smith leaves her blushing ways to anyone who has the same weakness.

STUDENT COUNCIL

The purposes of student government in Flat Rock High School are:

“1. To build within the students an attitude of friendship and loyalty to each other and to the school that will make living together a pleasure and an educational experience of the utmost value.

2. To provide means whereby all students may participate in the planning and execution of school activities—civic, social, and athletic.

3. To assist the faculty in the development among all students of a high concept of self-discipline and responsibility without which no school can function in such a manner as to offer much of educational worth.

4. To gain the confidence, respect, and support of the whole community by proving our willingness and ability to work together as a student body.”

The Student Council has had as its project the “Work Week” which was a success. We have had chapel programs to boost the student’s cooperation in participating in school activities.

We hope that in years to come, this form of student government will grow and become one of the most successful activities this school will have.

B E T A C L U B

The purpose of the Beta Club is to encourage effort, to promote character, to stimulate achievement, to cultivate leadership qualities, to reward merit, and to encourage and assist students to continue their education after high school graduation.

Before a student is eligible for membership in the Beta Club, he must make an average of 85 on all his subjects in the ninth and tenth grades and be approved by the faculty.

The Beta Club became a "Banner Club" this year when it installed a new chapter at Fletcher, N. C. A Beta Club pennant was presented to our chapter for this recognition by the National Beta Club.

Officers of the Beta Club this year are: President, Theresa Jones; Vice-President, Jock Blois; Secretary-Treasurer, Wilma Sherman.

F.F.A. OFFICERS—Left to right: B. Duncan, H. Halford, T. Hill., President; Mr. Franklin, Advisor; G. McC Carson, K. Summey, J. Staton.

FUTURE FARMERS OF AMERICA

“Learning to Do
Doing to Learn
Earning to Live
Living to Serve.”

It is the purpose of the F.F.A. to develop competent, aggressive, rural and agricultural leadership, to encourage intelligent choice of farming occupations, to develop character, train for useful citizenship, and foster patriotism. It is also our purpose to participate in cooperative effort, and to encourage improvement in scholarship.

What are the “Ag” boys doing to carry out these aims? Following is a bird’s-eye view of some of their activities.

Several of our boys entered their fine registered Guernsey stock in three Dairy Shows last fall. The first show was in Hendersonville, N. C. The boys came through with flying colors and won several ribbons including the Grand Championship for one of the animals. The second show was held at the W. N. C. Fair. Again our boys made a fine showing by winning several ribbons and over \$100 in cash prizes. The final Dairy Show was the Western

Carolina Junior Dairy Cattle Show which was held in Asheville, N. C.

Our boys also put samples of their projects in the W. N. C. Fair as exhibits in the F.F.A. booth.

When the boys’ corn crops were checked this fall, they proved that dairying was not the only enterprise that they could excell in. Their corn crops turned out yields up to 137.7 bushels per acre.

These activities that are carried on by the individual members are not, however, the only F.F.A. activities. During the year the following contests are held at the different schools which make up the Federation: Ritual Contest, Public Speaking Contest, Field Day Contests, Shop Contest, Crops Contest, and Livestock and Dairy Judging Contests. These contests are entered by a selected team or an individual from each school’s chapter. Many of these contests are carried on through state and national contest groups, made up from the winners in the lower groups.

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America is the national organization of pupils studying homemaking in Junior and Senior High Schools of the United States and Territories. As an integral part of the program of home economics in the schools of America it offers opportunity for the further development of pupil initiative in planning and carrying out activities related to homemaking.

The purposes of the F.H.A. are:

1. To promote a growing appreciation of the joys and satisfactions of homemaking.
2. To emphasize the importance of worthy home membership.
3. To encourage democracy in home and community life.

4. To work for good home and family life for all.
5. To promote international good will.
6. To foster the development of creative leadership in home and community life.

Y O U T H O N T H E B E A M

One of our newest and most outstanding clubs in the school is the Y.O.B. or the Youth on the Beam Club. The club was organized by the boys and girls of Flat Rock High School and is entirely a student project. Clubs of a similar nature have sprung up in several of the other high schools in Henderson County.

The aim of the club is to present high school students with a challenge to "get on the beam" for Christ. To those who are born again it serves as a means to develop their talents and to help others. To others, it presents a youth-appealing program beamed to the interests and desires of modern youth.

One of the special services of the Y.O.B. is the direction of the chapel programs. These programs feature religious singing and scripture reading.
